## THREAD OF LIFE NEAR FINAL END WITH POPE

(By Associated Press)  
PARIS, Jan. 20.—The papal nuncio here received a telegram from Rome shortly after 5 o'clock this afternoon saying the pope was sinking rapidly.

(By Associated Press)  
ROME, Jan. 20.—The crisis in the pope's illness, the Tribune this afternoon quoted Dr. Marchisavi as saying began at 2 o'clock. At that hour the pontiff began to expectorate and then dozed quietly for a short time. Physicians said they believed they soon would be able to predict the outcome with some degree of certainty.

(By Associated Press)  
ROME, Jan. 20.—Pope Benedict's life hangs in the balance today, and fears were expressed at the vatican at noon that his holiness is in a dying condition. During the early hours of this morning, towards 4 o'clock, there was a sudden change for the worse, the bronchial affection from which his holiness has been suffering for several days, having spread to the lungs. The pontiff asked for and received the last sacrament, insisting upon this "if it only will give a good example," he said, despite attempts by attendants to dissuade him. About 11 o'clock, however, the pope's condition became aggravated, and the administration of oxygen was begun. At 11:30 the eucharist was solemnly carried to him. Meanwhile prayers were being said in all the churches and Catholic institutions of Rome on behalf of his holiness, and great crowds began to assemble in St. Peter's church.

Today's sudden change for the worse in the pontiff's condition seemed to come as a great surprise even to those who had been observing him most closely. Last evening he received some strengthening injections and the doctors then stated they were satisfied with his condition, expressing the hope that extension of the inflammation to the lungs had passed and saying the crisis appeared to be overcome. Monsignor Carlo Respighi, pontifical prefect of ceremonies, and Monsignor Migone, private chamberlain, are at the pope's bedside. There was an air of deep anxiety and apprehension about the vatican, where many of the cardinals were waiting in the antechamber, all cardinals having assembled in Rome upon receiving word of the pope's serious illness.

After receiving the viaticum, Pope Benedict had 20 minutes conversation alone with Cardinal Gasparri, papal secretary of state. It is believed the pope conveyed his last wishes to the cardinal, who as chamberlain would preside over the temporal affairs of the church in the event of the pope's death. The Tribune says Cardinal Gasparri has sent an urgent summons to all cardinals resident abroad to come to Rome in order that the sacred college may be present there, ready for any eventuality.

Upon leaving the papal apartment, the cardinals who administered extreme unction said the pope's mind was perfectly clear but that his condition was so grave that only a miracle could save him.

SAN FRANCISCO, Cal., Jan. 20.—Operating of shipping board vessels on the Pacific ocean under private ownership as a nucleus of a great merchant fleet that can compete with the world, was urged as a patriotic duty and sound business policy in addresses here before the conference of Pacific coast chambers of commerce, called to promote a \$30,000,000 shipping pool.

## WEATHER HAS MODERATED TO SOME EXTENT

The weather moderated to some extent last night, and according to the official registration at the local weather bureau, the thermometer recorded 4 degrees below zero at 4 o'clock this morning. This was the coldest period during the night, although up until 12 o'clock the air was extremely raw.

After the mercury dropped to 4 below it commenced to climb, and with the breaking through of the sun's rays this morning the weather moderated to a considerable extent, although it was not conducive to health to roam at large without an overcoat.

The spell is breaking and good weather will soon be with us unless the air currents decide suddenly to begin cutting up capers.

## CHARLES MAY BE SENT AWAY FROM MADEIRA

(By Associated Press)  
BERNE, Switzerland, Jan. 20.—Former Emperor Charles of Austria-Hungary and his wife, Zita, will be deported to an island much more remote from Europe than Madeira, to which they are exiled, if there is any further attempt to restore their throne in the states forming the former empire. Empress Zita, who came here to be at the bedside of her son, Robert, has been so informed by the Swiss government, which transmitted to her the statement made by the British, French and Italian ambassadors here.

## CHINK BROKERS HAVE BAD LUCK AS FINANCIERS

(By Associated Press)  
SHANGHAI, Jan. 20.—Efforts of certain Chinese of Shanghai to launch out in imitation of great American trading centers with the formation by wholesale of stock and brokerage exchanges have been fraught with so much financial havoc that not only has the Peking government set about to take action, but the foreign police authorities of the international settlement as well have begun to show concern.

The past year in Shanghai has seen the formation of scores of "exchanges" ostensibly opened for the purpose of trading general in staples, but also in every form of commodity. Operating without restraints of any kind, shares, stocks and commodities of every sort have been dealt with in the abandon of a get-rich-quick era which now has begun to prove most distressing to many victims.

## PEARL MARKET SUFFERS A DROP FORMER PRICES

(By Associated Press)  
PARIS, Jan. 20.—The pearl market of Paris, which considers itself the market of the world, has suffered a slump. A necklace of Orinot pearls, valued by experts at 1,500,000 francs, has just been sold at public auction for only 465,000 francs.

## WILL CURB SHARKS IN FARM LOAN BUSINESS

(By Associated Press)  
WASHINGTON, D. C., Jan. 20.—Determination to lay before the national agricultural conference next week the "thoroughly selfish and grasping attitude of many companies of different sorts which loan money on farm mortgages" was announced today by Secretary Wallace.

The farmers' secretary said, are being compelled to pay 6, 6 1/2 and 7 per cent on five and 10-year loans, without optional payments, also a commission of 5 or 6 per cent, while in some cases as high as 10 per cent was being added. The secretary also charged that many loan companies were cutting down the amount they loan per acre to the lowest possible point. "Thus restricting farmers' credit at the very time when it should be expanded as far as may be done safely."

## GOOD HEADWAY RESULTING IN SINKING SHAFT

Owing to a change in the character of the rock, progress was somewhat slower in the sinking of the main shaft on the Tonopah Divide mine during the week ending Wednesday, January 18. Regardless of this fact, 21.5 feet of ground was broken, which meant an average of 3.7 feet per day with a working week of seven days. The shaft is now nearing the 1200 foot point, but there will be no cessation of sinking until the water level has been reached, which will probably be at a depth of from 1400 to 1500 feet, as near as estimates can be given.

Development is now going forward on the 1600 level, and during the week drift 1001 was extended for 28.3 feet, while the north cross-cut 1055 was driven 7 feet. West drift 230 feet was driven for 28.3 feet, while raise 207 was put up 9 feet, making a total of underground development of 87.2 feet.

Shipments continue to go forth to the Belmont mill and the usual tonnage, as well as values, are being maintained. Work of shaft sinking is to be rushed with two shifts of miners, as it is desired to reach the water level of the mine as quickly as possible that construction may start on the big milling plant which has been decided upon, and which will be operated on a vast tonnage of ore that is now accumulating, carrying values of from \$8 to \$15 a ton.

## SHEEPMAN DECIDES TO HAVE JURY TRIAL

The trial of Concepcion Valencia, charged with failure to pay tax on running sheep in Nye county, and which was scheduled to take place this morning at 10 o'clock before Justice Cuddy, was postponed until Monday morning at 10 o'clock. Valencia, through his attorney, H. H. Atkinson, demanded a jury trial, and an order for a venire was issued. Valencia was arrested by an officer from the sheriff's office for failure to pay tax on sheep. He contends that the sheep are assessed in Eureka county, and that therefore no tax can be collected from Nye county.

## FRENCH ENVOY VATICAN LATE WAR IS DEAD

(By Associated Press)  
PARIS, Jan. 20.—Cardinal de Cabrières, bishop of Montpellier, who died recently at the age of 91, was France's unofficial but effective envoy to the vatican during the world war. President Millerand referred to him not only as a great bishop but a great patriot.

He never yielded an inch of the rights which he believed belonged to his church. When the law separating the church and state in France went into effect, he went to the prefecture and solemnly excommunicated the prefect. But when the war began he placed himself at the prefect's disposal.

A country vicar who received the cardinal during the war scoured the country to find the finest chicken to honor his visitor and ordered his cook to show himself worthy of the occasion. "Fit for a king," said the cardinal when the chicken appeared on the table, "but you have forgotten that today is a meatless day by order of the government. Deceives should be respected."

## WEALTHY RULER OF PAST DAYS IS NOW STARVING

(By Associated Press)  
MOSCOW, Jan. 20.—Robbed, ragged, starving and forgotten in the big concentration camp of Pokrovsky, a few miles distant from this city, is the fate of the Hevdiar, khan of Khiva, who, until a few months ago, was one of the richest of the Mohammedan rulers of central Asia. As he is nearly 80 years old, he may die there.

Hevdiar, successor to Tamerlane the Great and Genghis Khan, who ruled from China to Germany in the middle ages, is a pure-blooded Uzbek Turk to whom the sultan of Turkey is a mere modern upstart. He has been brought to his present plight through the revolutions engineered by the Moscow soviet in Russian Turkistan, aided by Enver Pasha, recently renounced by Mustafa Kemal Pasha as the arch-traitor of Turkey.

## TURKLA GETS PARDON AND IS RELEASED

John Turkla, who was sentenced to a term of six months in the county jail and to pay a fine of \$500 upon the charge of violating the state prohibition law, has been granted a pardon by the state board of pardons. Following sentence being imposed, Turkla took an appeal to the supreme court through his attorney, Judge William Forman. Later the Nye county grand jury, following an investigation concerning the arrest and imprisonment of Turkla, made a recommendation to the pardon board that he be given his freedom. This recommendation was coincided in by Judge Averil, whereupon Judge Forman dismissed the appeal in the supreme court and the release of Turkla followed.

## CALCIMINE IS SPREAD IN GOBS BY L.B. FOWLER

Same old story; same old white wash. This in effect was the report of Attorney General Leonard B. Fowler, who spent three days here investigating conditions of this camp, which was submitted to Governor Boyle Wednesday.

When Attorney General Fowler arrived in Tonopah the first thing he did was to go into conference with our district attorney. Then he hunted up our sheriff, and a little later met a delegation of mine operators who desired to state their side of the case. But Mr. Fowler could not keep clear of the court house, and on the following Monday he was again getting dope from the two officials in question, spending most of the day there.

Attorney General Fowler reported to Governor Boyle that rowdiness was confined to boys and men to the number of about 30, but that with the appointment of a new chief of police this problem will no doubt be solved. To this the Bonanza is of the same belief, providing some man of iron nerve is given the position.

One would imagine that the attorney general was a Sherlock Holmes in disguise, only he worked a little faster than the ordinary sleuth. He found out, so his report says, that the I. W. W. is not very strongly entrenched here, but he does not know a damned thing whether there are one or one hundred wobblies here, unless he, himself, belongs to the organization. Regarding the recent fires, he says that if they were of incendiary origin they were caused by one or two persons who were setting on their own initiative. Being a real detective, Mr. Fowler was exclusive and refused to be interviewed while here.

Being a Democrat, Mr. Fowler proceeded to run a little whiting on the officers under investigation, and leaves it go at that. His report to the governor was just what might have been expected, so no one hereabouts is greatly disappointed.
